Why 'God With Us'
Matters, Pt 2 (S 1, Ep 9)

DATE

IN THIS EPISODE

[Episode 8 is part 1 of this 2 part series and serves as the introduction and foundation of this episode.]

God with us (His presence) is the motive for our conviction (our sin),
and both Joseph and Jonah serve as examples for us.

God with us is the cause of our contentment.

We can experience true contentment because we have His presence with us. We have more in Him, through His presence and His promises, than we can even imagine.

God with us is the wellspring of our calm (our peace).

We can remain peaceful even when chaos surrounds us because of His presence with us.

God with us is the grounds for our courage.

Courage is the ability to do something that frightens you. Fear is more than feeling terrified of something; it encompasses worry and anxiety.

God with us is the justification for knowing we are well taken care of.
